### City Tour of New Orleans

We will drive to historic parts of the French Quarter including Jackson Square, the towering St. Louis Cathedral, the infamous Bourbon Street, and the bustling French Market.

From there, you will be exposed to some of the areas that were hardest hit by Hurricane Katrina and have a personal look at the Lower 9th Ward, including Harry Connick Jr's Musicians village, Habitat for Humanity and a drive-by of Brad Pitt's "Make It Right Houses" and the 17th Street levee break.

No tour would be complete without a visit to one of New Orleans' historic cemeteries, where you will find the above ground tombs that inhabit these "cities of the dead". We will also take you through beautiful New Orleans City Park.

As the tour continues to the Uptown, University area, you'll enjoy the large oak trees hanging over beautiful St. Charles Ave. The streetcar and historic mansions in the Garden District will take you to another era. Finally, we conclude in the Central Business District.
